EARLY CHILDHOOD EDUCATION PROGRAMS

The instructors are well experienced and knowledgeable.

All staff were a pleasure to interact with.

Lots of information, fun and a rewarding program.

I'm excited that credits are transferable to UFV.

My practicum facilitator was excellent to work with: thorough, professional and encouraging.

I came back for my diploma courses solely because of the instructors that I had for my certificate courses!

My practicum facilitator was very supportive and was readily available to me as student!

The class size and content were wonderful.

A BIG thank you to Langley College staff for helping me to complete my practicum with all the challenges and unforeseen delays—thank you for your support!

I have recommended your program to several friends and acquaintances looking for an education in ECE.

Excellent instructors—

resourceful, inspiring and understanding.

Nothing beats hands-on experience, so the practicums were the most valuable learning tools for me.

I enjoyed all the courses and every teacher brought something unique and valuable to the program.

Langley College has given me a good start to my career, and has set a high standard of professionalism for me to follow—thank you!

HOME SUPPORT/RESIDENT CARE ATTENDANT PROGRAM

The strength of the clinical was the skills, the experience, the opportunity to learn and to observe what we have learned or talked about in class.

Linda is a wonderful, kind, supportive instructor and I feel very lucky to be in her class.

My instructor is very excited to see the outcome of her class and shows us all she cares.

Classes are always a pleasure to attend. My instructor is very supportive to my success.

My instructor is excellent at reviewing with us. She is very good at putting our minds at ease.

My instructor knows what she is talking about.

The instructor is always prepared and very organized. She is always able to answer our questions and is very informative.

My clinical facilitator was there when or if I had a question. She was always there to give

answers or even to help when help was needed. Thank you very much.

You could not have picked a better instructor for this class.

I am so glad, and have no regrets, that I took the course.

We learned so much in our clinical. I LOVED it!

I would most definitely recommend this school to anyone wanting to take the RCA program. It has been very rewarding.
