your

Langley College has offered quality early childhood programs since 1983

- ◉ Flexible programs
- ◉ Incorporate education into your current lifestyle
- ◉ Start in January, April or September
- ◉ ECE Certificate is transferrable to the University of the Fraser Valley

fire up

IN LESS THAN ONE YEAR you can be teaching preschool, working in a daycare, or starting your own child care business.

LANGLEY COLLEGE has been teaching Early Childhood Education for **27 YEARS** and our graduates are in demand. Register for full time classes, or take the program part time and work as an assistant teacher while you learn. Langley College works with over 100 child care centres to place students in optimum practicum sites to further enhance their learning.

As one of the leaders in the field our certificate program establishes you as a professional in Early Childhood Education. Students graduating with a Langley College Certificate are trained to work with children aged 3 - 5 in pre-schools and day care centres throughout British Columbia.

future

The Langley College ECE Certificate Program is approved by the ECE Registry, Ministry of Children and Family Development. Upon completion of the Langley College ECE Certificate program, graduates have the academic requirements to apply to the ECE Registry for a Licence to Practise as an Early Childhood Educator in BC.
