2010

your

Langley College has offered quality early childhood programs since 1983

- ◉ Flexible programs
- ◉ Incorporate education into your current lifestyle
- ◉ Start in January, April or September
- ◉ ECE Diploma is transferrable to the University of the Fraser Valley

fire up

As one of the leaders in the field our diploma program establishes you as a professional in Early Childhood Education. Students graduating with a Langley College Diploma receive an Infant & Toddler Certificate and a Special Needs Certificate.

Complete your ECE Certificate and join the **EARLY CHILDHOOD EDUCATION DIPLOMA PROGRAM**. In less than one year of part time studies you can graduate with an Infant and Toddler Certificate and a Special Needs Certificate.

Take courses in the evenings and work while you learn. Our practicum program provides students with one-on-one mentoring with a facilitator throughout the duration of their practicum. There are many jobs in these specialities and not enough graduates to fill the employment opportunities.

future

The Langley College ECE Diploma Program is approved by the ECE Registry, Ministry of Children and Family Development. Upon completion of the Langley College ECE Diploma, graduates have the academic requirements to apply to the ECE Registry for a

- ◉ Licence to Practise as an Infant/ Toddler Educator
- ◉ Licence to Practise as a Special Needs Educator
